A Solar Inverter is required to harness solar power. Check out our 1.5kW Solar Inverter units to find a solution fit for your needs.

The automatic inverter monitoring by SMA analyzes operation, reports irregularities and thus minimizes downtime. The innovative design of the Sunny Boy 1.5/2.0/2.5 is not only easy to ...

With the widest voltage range in class, improvements ...

With a startup voltage of 50V and 98% maximum efficiency, it ensures top-tier performance. Compact and lightweight, it fits snugly in tight spaces. IP66 rated for indoor or outdoor ...

The Goodwe NS Series Inverter is a transformerless solar ...

The Goodwe NS Series Inverter is a transformerless solar inverter for grid-tie solar installations, wifi connected. Goodwe NS Series 1.5KW InverterThe Goodwe NS Series ...

With the widest voltage range in class, improvements include a lower start-up voltage of 50V while maintaining the small, lightweight and user-friendly design. Ideally suited for new-build housing ...

Upgrade your solar setup with the Solis S5 Mini Single Phase 1.5kW PV Grid Tie Inverter, Single MPPT built-in DC isolator, WiFi Included. High ...

The innovative design of the Sunny Boy 1.5 is not only easy to install, but also allows for quick DC and AC connections. For example, because it weighs just 9 kg, it can be suspended from just ...
