As the leading vertically integrated manufacturer of lithium iron phosphate battery systems, GSL ENERGY has provided various battery solutions for nearly all kinds of ESS applications.

The MEG 100kW x 215kWh Cabinet is engineered as a modular energy storage building block, ideal for commercial facilities, microgrids, and community-scale projects.

THES38BL-100/215 liquid-cooled energy storage cabinet with 100kW/215kWh capacity. Safe, efficient LFP battery system for commercial and industrial applications.

Perfect for factories, data centers, EV charging stations, and microgrids, this plug-and-play ESS cabinet provides peak shaving, backup power, and renewable energy optimization --all in a ...

Introducing our Standard Energy Storage Cabinet - EC-100-50, featuring cutting-edge technology for reliable energy storage solutions. With a battery capacity of 100KWH and a voltage range ...

Featuring an advanced battery management system (BMS), power conversion system (PCS), liquid cooling, and intelligent energy management (EMS), this energy storage ...

The HighJoule 100KWh Outdoor Cabinet Series offers a robust solution for commercial applications, featuring a 100KWh LFP or SSB battery with over 8000 cycles, ensuring long ...

Housed in a weather-resistant IP55 cabinet, it combines a 100kWh LiFePO4 battery pack with 50kW charge/discharge capability, supporting real-time monitoring and remote control via ...

Safety and Reliability - The 100kW/215kWh liquid-cooled energy storage cabinet utilizes high-quality, long-life lithium iron phosphate (LFP) batteries and is equipped with an advanced ...

100kwh liquid energy storage cabinet
