Containerised Solution This 20 foot container encompasses the solar array, energy module and process module as one complete system. The system includes a webserver with either 3G/4G ...

Our company not only manufactures compact water treatment plants, but also offers a complete engineering service for their commissioning. Design and manufacture of our water treatment ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

These mobile systems are installed inside a seaworthy 20 or 40 ft containers or in combination to form complete systems with advanced water treatment and purification technologies.

Each water treatment system is installed inside one 20 foot new container. The container equip with explosion-proof lights and rubber floor. Considering the hot weather and ...

In Kenya's Turkana County, a 20ft photovoltaic container powers a 200m² photovoltaic array and a reverse osmosis water ...

Mobil-Grid(R) 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and ...

Each water treatment system is installed inside one 20 foot new container. The container equip with explosion-proof lights and rubber ...
