Our Hybrid SuperCapacitor cells, modules & systems break barriers to deliver reliable and eco-friendly energy with the industry's highest power density & space-saving intelligent design.

The Accra Battery Energy Storage System is a kW battery energy storage project located in Greater Accra, Ghana. The rated storage capacity of the project is 1MWh.

The company operates a factory covering an area of 40,000 square meters with 180 automatic production lines and holds IATF 16949:2016 and ISO 9001:2015 standard certifications.

Wright Energy Storage Technologies (WEST) is the leading innovator in super capacitor-based energy storage solutions. We specialize in creating reliable, safe, and long-lasting storage...

In a city like Accra, where energy demand grows by 6% annually, reliable power solutions aren't just nice-to-have - they're essential. Energy storage equipment manufacturers are stepping ...

Emtel Energy provides turnkey energy storage systems, including supercapacitor-based electrostatic energy storage, that are an advanced alternative to traditional lithium or other ...

Wright Energy Storage Technologies (WEST) is the leading innovator in super capacitor-based energy storage solutions. We specialize in creating ...

About Us: As a leading provider in the renewable energy sector, we specialize in custom energy storage solutions for industries and communities. Serving both local and international markets, ...
