Who makes custom lithium-ion battery packs?

As a pioneer in future-ready power solutions, CMB is your trusted partner for custom lithium-ion battery packs. CMB's 21700 Li-ion battery packs offer advanced lithium-ion battery technology in compact and high-energy-density packaging. They provide superior power and longevity suitable for various applications.

What types of batteries do we manufacture?

Our team has extensive experience with lithium-ion, lithium polymer, nickel metal hydride, nickel cadmium, lithium primary, and alkaline battery packs and assemblies. On all projects, we work closely with customers from the first design concept through prototyping and testing to large-scale manufacturing from our facilities in the U.S. and China.

Is a custom battery pack better than a lithium-ion battery pack?

In some instances, a custom NiMH battery pack or custom alkaline battery pack may perform better than a lithium-ion battery pack, while keeping your costs lower. When involving our team of engineers early on in the design process, we can help assist you in choosing the proper custom battery solutions for your needs.

Why should you choose CMB for a custom lithium-ion battery pack?

Whether for small or large orders, we offer competitive pricing and on-time delivery. As a pioneer in future-ready power solutions, CMB is your trusted partner for custom lithium-ion battery packs. CMB's 21700 Li-ion battery packs offer advanced lithium-ion battery technology in compact and high-energy-density packaging.

Openex provides full-service metal fabrication for the lithium battery manufacturing industry, producing structural assemblies, enclosures, containers, and equipment frames for battery ...

Custom lithium battery pack manufacturer offering expert design, BMS integration & assembly for robotics and industrial use. Get your reliable power solution.

Experience the best energy solutions with lithium battery suppliers in the USA, trusted battery pack

manufacturers, and high-performance electric battery packs.

For cell/module pack assembly, PIA Automation offers flexible and highly automated systems for the efficient production of battery cells, modules, and battery packs. These systems are ...

Lithium Battery Custom Manufacturer: Custom Solutions for Each Use In the current world that is rapidly developing, energy storage has emerged as the pillar of modern ...

At Lithium Battery Company, we specialize in advanced battery pack assembly for OEMs and energy innovators. Our U.S.-based facility delivers scalable, automation-first solutions across ...

Contract manufacturer of battery packs and lead connectors. Lithium ion, lead acid, nickel metal hydride battery packs manufacturing services provided.

We are a full-service custom battery manufacturer with full design and engineering capabilities. Our team has extensive experience with lithium-ion, lithium polymer, nickel metal hydride, ...

We can offer expert technical advice, design and produce high-safety, high-performan lithium battery packs to meet your devices voltage, current, and capacity requirements.

With over 20 years of experience, NPP Power specializes in custom lithium battery pack manufacturing. We provide tailored energy storage solutions that ensure efficiency, safety, and ...

For cell/module pack assembly, PIA Automation offers flexible and highly automated systems for the efficient production of battery cells, modules, ...
