Austria-based Alternative Energy Projects (AEP) has unveiled its first complete mobile power plant. The "Solar-Box" is a 20-foot ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular ...

Adding Containerized Battery Energy Storage System (BESS) to solar, wind, EV charger, and other renewable energy applications can reduce energy costs, minimize carbon footprint, and ...

This project combines high-capacity lithium battery storage, advanced hybrid inverters, and next-generation PERC solar panels to provide clean, reliable, and cost-effective power in a region ...

Whether it's a small business or a large organization, our commercial lithium ion battery is designed to enhance energy efficiency, reduce energy costs, and maximize the utilization of ...

Austrian startup Solar Container has introduced a groundbreaking solution to portable renewable energy with its innovative SolarCont system, housed in a standard-size ...

Austria-based Alternative Energy Projects (AEP) has unveiled its first complete mobile power plant. The "Solar-Box" is a 20-foot container with solar modules, an electricity ...

We are proud to announce the successful installation of a containerized lithium battery energy storage system in Austria, shipped directly from our manufacturing base.

We combine high energy density batteries, power conversion and control systems in an upgraded shipping
