Does Canberra have battery storage?

Battery storage for residential solar energy is becoming increasingly popular in Australia - including in Canberra, ACT. If you're a Canberra resident looking to install a battery storage system for your home, what are the main things that you need to consider?

What is the Big Canberra battery project?

The Big Canberra Battery project is working across government and with industry partners to understand the opportunities for neighbourhood-scale batteries to support Canberra's future energy supply. Neighbourhood-scale batteries are large energy storage systems.

Does Canberra have solar power?

Canberra ranks high for solar potential, averaging over 4.5 hours of peak sun daily. Without storage, most of that energy is exported at low feed-in tariffs--typically 7-12¢/kWh. Battery storage changes the game by allowing you to:

Who are Canberra mobile batteries?

Canberra Mobile Batteries is a locally owned service that offers 24/7 emergency assistance. Not only are they fully equipped for jumpstarts, battery replacements, tyre change, lockouts, emergency fuel and wrong fuel recovery, but they are also fully insured, giving you financial peace of mind.
