What are the best solar inverter brands in Melbourne?

Top Solar Inverter Brands in Melbourne: Growatt Inverters: Founded in 2010, Growatt, a Chinese manufacturer, stands out for its high efficiency and reliability. Their inverters come equipped with features like Maximum Power Point Tracking (MPPT), grid-tie compatibility, and backup power solutions.

What is a solar inverter?

The inverter is the core of your solar power system. SeekSolar offers the best solar inverters in Melbourne, featuring high-quality solutions tailored to your needs.

How much does a solar inverter cost?

Typically, this component constitutes around 20% of the total system cost. For instance, budget single-phase 5kW solar inverters, like Goodwe, start at \$1,000, while premium models such as Fronius or SMA can fetch upwards of \$2,000. Keep in mind, opting for a 3-phase 5kW inverter adds around \$500 or more to these prices.

Is Delta a good company to buy a solar inverter?

With our core competencies in power management, Delta is rapidly expanding into renewable energy, providing best-in-class, high-efficiency solar systems and products including solar inverters and much more. ABB (Power-One) have established themselves as the world's second-largest provider of solar inverters and show no signs of slowing.
