A rendering of the Columbia Energy Storage Project, a 20-MW/200-MWh energy storage system Alliant Energy and other utilities plan to build near Portage, Wisconsin.

The Columbia Energy Storage Project is the first long-duration energy storage system of its kind to be developed in the United States. The 18-megawatt project is designed to improve grid ...

The Public Service Commission of Wisconsin (PSC) has granted final approval for Alliant Energy's Columbia Energy Storage Project, marking a significant milestone in the ...

The Columbia energy storage project will take energy from the grid and convert CO₂ gas into a compressed liquid form for long-term ...

The Columbia energy storage project will take energy from the grid and convert CO₂ gas into a compressed liquid form for long-term storage. Then, when the stored energy is ...

Plans to construct a first of its kind long-duration energy storage system of its kind in the United States are advancing following approval from the Public Service Commission of ...

Alliant Energy's Columbia Energy Storage Project, the first long-duration energy storage system of its kind in the US, has been approved by the Public Service Commission of ...

The Columbia Energy Storage Project in Wisconsin is set to become the first U.S. initiative to deploy a carbon dioxide (CO₂) battery system, marking a significant step in the ...

The Columbia Energy Storage Project is the first long-duration energy storage project of its kind to be developed in the United States. The system's unique features will boost grid stability and ...

The Columbia Energy Storage Project is the first long-duration energy storage project of its kind to be developed in the United States. The ...

Utilizing new technology designed by Energy Dome, the Columbia Energy Storage Project will boost grid stability, improve resilience and deliver enough electricity to power ...

The Public Service Commission (PSC) has just approved the Columbia Energy Storage project--the nation's first industrial-scale deployment of an innovative energy storage ...
