Microsoft has signed a deal with ESB that will see ...

The company's Hydrogen Power Unit (HPU) is a 20ft shipping container housing industrial hydrogen fuel cells. It provides 250kW electrical output, 80kW thermal power, and ...

Equipped with automatic fire detection and alarm systems, the 20FT Container 250kW 860kWh Battery Energy Storage System is the ultimate choice for secure, scalable, and efficient energy ...

Our battery energy storage container solutions are ideal for commercial buildings seeking to reduce energy costs through peak shaving and load optimization. The system seamlessly ...

Microsoft has signed a deal with ESB that will see hydrogen fuel cells power its data centre power control and administration building in Dublin. The pilot project, which will ...

Hvpack energy storage system container uses standard battery modules, PCS modules, BMS, EMS and other systems to form standard containers to build large-scale grid-side energy ...

The perfect ev battery storage container solution for supporting fast-charging stations, managing peak demands, and reducing grid impact during high-usage periods.

Housed in a 20-foot container, this system integrates solar PV, energy storage, and advanced control components into a single unit, making it ...
