With our high-performance solar glass for photovoltaics, solar thermal and the greenhouse sector, we are fulfilling our social responsibility and ...

Despite the positive growth trends, the market faces several challenges that could impede its expansion. High initial costs associated with solar PV ...

Despite the positive growth trends, the market faces several challenges that could impede its expansion. High initial costs associated with solar PV systems, including the expense of solar ...

SunGuard(R) Solar is a commercial solar control glass that helps to reflect the sun's energy. Making it ideal for applications when excessive solar heat ...

SunGuard(R) Solar is a commercial solar control glass that helps to reflect the sun's energy. Making it ideal for applications when excessive solar heat gain could result in uncomfortable ...

Glass for Europe represents almost 90 percent of flat glass production in the EU and its members can play a key role in re-building a European solar industry in the EU.

These PV glass modules are not only a great and lightweight construction solution for energy efficient buildings. It provides glazing design options and endless possibilities for BIPV ...

With our high-performance solar glass for photovoltaics, solar thermal and the greenhouse sector, we are fulfilling our social responsibility and making a significant contribution to the energy ...

According to EU data, while EU domestic photovoltaic installed capacity reached 56GW in 2023, Europe's total solar glass production capacity was less than 8GW. The ...

The growth of the European solar PV glass market is being challenged by a significant materials science challenge in developing lightweight or curved PV glass that ...

Uncompromising Durability: Experience the pinnacle of solar technology with our glass-glass module. The robust construction, featuring 3.2 mm dual glass, ensures exceptional resilience ...

Glass for Europe represents almost 90 percent of flat glass production in the EU and its members can play a key role in re-building a ...
