-----

Our team specializes in designing earthquake-resistant solar-plus-storage systems tailored to your geographical risks and energy needs. Whether you're safeguarding a home, ...

LZY Mobile Solar Container System - The rapid-deployment solar solution with 20-200kWp foldable PV panels and 100-500kWh battery storage. Set up in under 3 hours for off-grid ...

Our containerized energy solution offers notable economic and practical advantages:

The Intech Energy Container -- or ECON -- is a modular, pre-configured off-grid power solution. It combines solar PV, battery storage, inverters, and energy management in a rugged container.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

A Mobile Solar Container is a self-contained solar power unit housed within a transportable container. Designed for mobility, it offers rapid deployment of renewable energy solutions in ...

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

With the laser integrated in Solarfold and a specially made tape measure, you can position and drill the drill holes for the ground anchor in no time. Just sink the anchor and spread it with the ...

With the laser integrated in Solarfold and a specially made tape measure, you can position and drill the drill holes for the ground anchor in no time. ...
