Do I need a power adapter for Tunisia?

A recommended power adapter for Tunisia will ensure that your plug then fits into the sockets in Tunisia. We've used SK Ross devices around the world for more than 9 years now, and this power adapter has covered us in all the 110 countries, that we've traveled to, including Tunisia. Read our guides to what plug adapters you'll need when traveling

Do I need a plug converter in Tunisia?

Ha, yes, you'll definitely need a plug converter to use your UK electrical devices in Tunisia. The UK uses a Plug Type G which is only used in 15 countries including the UK (spoiler, Tunisia is NOT one of them) Do you need a voltage converter in Tunisia? Probably not. But you should check your electrical equipment.

What is the electricity supply in Tunisia?

In Tunisia, the electricity supply is 230 volts. (that's the same as is used in Europe). It's VERY different to the United States, which is 120 volts. The voltage in Tunisia is the same as in the UK, and Central Europe, 230 Volts. Australia uses 220-240 volts and New Zealand uses 230-240 volts.

What types of plugs are used in Tunisia?

Two different types of plugs are used in Tunisia. Type C and Type F. They look very similar. And we come across both types C and F and both types of sockets here in Tunisia. However, most of our devices were bought in the UK or the USA. And our SK Ross adapter has been invaluable. Plug Type C has two round pins.
