1228.8V 280Ah 1P384S Outdoor Liquid-cooling Battery Energy Storage system Cabinet Individual pricing for large scale projects and wholesale demands is available.

All-in-one design with liquid cooled battery rack pre-installed and a plug and play interface for auxiliary power supply, communication, and DC connection, which can be installed as a ...

Each outdoor cabinet is IP56 constructed in an environmentally controlled liquid cooled cabinet including fire suppression. Multiple 373kWh cabinets can be installed together creating up to ...

This guide provides step-by-step instructions on how to install your R-BOX-OC outdoor solar battery cabinet, including site selection, assembly, wiring, and system testing. [pdf]

Working collaboratively with the manufacturer, Kooltronic engineers modified a closed-loop air conditioner to fit the enclosure, cool ...

Our system is designed to enhance energy density and thermal performance, accelerate installation times, engineered for optimal serviceability, and minimizing capital expenditures ...

With advanced liquid-cooling technology, it ensures optimal battery performance and longevity. The system is equipped with a smart monitoring and control platform that allows for real-time ...

Our outdoor energy storage cabinet is an intelligent integrated management system that provides reliable and efficient energy storage for outdoor applications.
