This rackmount inverter is ideal for providing backup power ...

This 1U rackmount inverter is ideal for providing ...

Featuring an integrated utility bypass function, pure sine wave output and low EMI/RFI emissions, Major sine telecom inverters are well equipped for telecommunications, networking ...

This 1U rackmount inverter is ideal for providing backup power to your essential equipment such as: telecom, audio/visual and computers. It will generate 1000-Watt of high quality pure sine ...

Ensure uninterrupted power with our advanced NEGATIVE 48V, 1U rackmount inverter, designed for telecom and data centers. Ideal for providing backup power to your essential equipment, ...

The Aims rack mount inverter is ideal for providing backup power to your essential equipment. It will generate 1000W of high quality pure sine ...

This 1U rackmount inverter is ideal for providing backup power to your essential equipment such as: telecom, audio/visual and computers. It will ...

The Aims rack mount inverter is ideal for providing backup power to your essential equipment. It will generate 1000W of high quality pure sine power at a stable 120Vac output at 48 Volts.

A 48V 1000W inverter is an electrical device used to convert direct current (DC) power from a 48-volt battery or power source into alternating current (AC) power, like 110V, 220V, 240V, great ...

AIMS Power 1000W rack mount inverter with pure sine wave output, 48VDC input, ideal for backup power.
