Ukrainian private utility DTEK has energised the largest battery storage project in the war-torn country and one of the biggest ones in Eastern Europe. The 200 MW/400 MWh ...

If a filter enters in a JOIN condition functionally (i.e. it is an actual join condition, not just a filter), it must appear in the ON clause of that join. Worth noting: If you place it in the WHERE clause ...

Ukraine's biggest private energy firm, DTEK, has launched a major battery storage facility that will bring power to hundreds of thousands of homes and strengthen the grid ahead ...

The company sees battery energy storage facilities as a path to decentralization and unification with the EU. In March, DTEK announced ...

DTEK, Ukraine's biggest private energy company, has begun final commissioning of the country's largest battery energy storage ...

The fact that when it says INNER JOIN, you can be sure of what it does and that it's supposed to be just that, whereas a plain JOIN will leave you, or someone else, wondering what the ...

If you are doing a LEFT JOIN, add any WHERE conditions to the ON clause for the table in the right side of the join. This is a must, because adding a WHERE clause that references the right ...

The question and solutions pertain specifically to INNER JOINS. If the join is a LEFT/RIGHT/FULL OUTER JOIN, then it is not a matter of preference or performance, but one of correct results.

Ukrainian private utility DTEK has energised the largest battery storage project in the war-torn country and one of the biggest ...

Join the Kyiv energy storage project
