-----  
How will Kinshasa's new urban train work?

The development of this urban train is to be executed in four phases, with the first phase being a 25km rail connection from the central station of Kinshasa to the city's N'Djili International Airport. Implementation will involve the complete replacement of the existing rail track.

Who is the promoter of Kinshasa Urban Train project (metrokin)?

Erick Onepunga Yongo, Managing Director of TCC said: "TCC is the promoter of the Kinshasa Urban Train project (MetroKin). It conceived the project from the beginning and carried out the feasibility studies that preceded the signing of the joint development agreement with AFC and the partnership agreements between the City of Kinshasa and SCTP.

How will the Kinshasa Urban Train project benefit DRC?

The project will support local job creation with 1500 direct and indirect jobs at the construction and operational phases, transforming the lives of citizens and boosting DRC's economic growth." Erick Onepunga Yongo, Managing Director of TCC said: "TCC is the promoter of the Kinshasa Urban Train project (MetroKin).

Will TCC modernise the rail transport in Kinshasa?

TCC's dream of modernising the rail transport in Kinshasa is in line with the vision of the Congolese President Felix Antoine Tshisekedi."
