Targale, Latvia -- On November 1, 2024, Targale Wind Park held its grand opening, unveiling Latvia's first major energy storage facility. Hoymiles, as a key technology ...

The IP54-rated enclosure ensures dependable operation even in harsh environments. Consequently, with its robust features and exceptional scalability, the BESS Container 500kW ...

With support from incubators, funding from the Investment and Development Agency of Latvia (LIAA), and increasing international attention, Latvia is not just building drones--it's building a ...

Perfect for long-term rural microgrid systems, solar-powered telecom relay stations, or infrastructure camps. With 60kW solar input and 215kWh storage in a 20ft container, it ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly ...

With its factory-direct pricing, high efficiency, long lifespan, and safety, HighJoule's Fold-Out Solar Container Battery System is an ideal energy storage system choice.

With its factory-direct pricing, high efficiency, long lifespan, and safety, HighJoule's Fold-Out Solar Container Battery System is an ideal energy ...

Latvia's energy storage sector offers diverse opportunities across utility, industrial, and commercial applications. With proper market intelligence and local expertise, companies can ...
