Official news portal of Latvian Radio and Latvian Television with text, video and audio materials. A quality online information source about Latvia.

The first grammar of the Latvian language is a short "Manual on the Latvian language" (Latin: Manuductio ad linguam lettonicam) by Johans Georgs Rehehuzens [lv], published in 1644 in ...

Latvian, the official language of Latvia and one of the 24 official languages of the European Union, is a Baltic language that belongs to the Indo-European language family.

Latvian language, East Baltic language spoken primarily in Latvia, where it has been the official language since 1918. It belongs to the Baltic branch of the Indo-European family of languages.

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Optimized for mid-size factories, desert solar farms, and hybrid grid substations. With 140kW solar and 215kWh battery in a 40ft container, it handles heavier industrial loads in harsh outdoor ...

Wait, no - it's not just about the hardware. Latvian engineers have sort of cracked the code on rapid deployment. Their containerized systems can be operational within 48 hours of delivery, ...

No matter nights, rainy days or unexpected blackouts off the grid, the solar power is always at your request as a real bank. The built-in optimizer independently manages each battery module..

Latvian is the official language of Latvia, where it is spoken by approximately 1.75 million people. It plays a central role in the country's national identity, particularly following Latvia's ...

Specializing in turnkey power containers since 2012, we serve clients across 14 countries. Our Liepaja facility combines Baltic engineering precision with agile manufacturing.

Nature is what binds Latvian people to their land and culture, with its deep roots in ancient celebratory traditions. Travelers who come to Latvia in June are privileged to witness a truly ...

Perfect for long-term rural microgrid systems, solar-powered telecom relay stations, or infrastructure camps. With 60kW solar input and 215kWh storage in a 20ft container, it ...
