Micronesia, a region comprising over 600 islands, faces unique energy challenges due to its geographic isolation and reliance on imported fossil fuels. With solar and wind energy adoption ...

The utility on the Federated States of Micronesia (FSM) island of Yap is seeking bids to supply battery energy storage systems (BESS) and 79 kW of solar minigrid generation ...

It features a high-quality container enclosure pre-installed with a battery rack, allowing clients to integrate their own battery packs, cooling systems, fire ...

Why should you choose a modular solar power container? Go big with our modular design for easy additional solar power capacity. Customize your container according to various ...

TECO and Yatec Engineering completed a 2MW Battery (BESS) + 2MWp Solar (PV) project in the islands of Pohnpei, Micronesia earlier this year. Pohnpei, known as one of ...

Yap State Public Service Corp. is seeking bids to supply solar minigrids with battery energy storage systems (BESS), totaling 79 kW, for Yap Island in the Federated States ...

The World Bank Group has approved plans to develop Botswana's first utility-scale battery energy storage system (BESS) with 50MW output and 200MWh storage capacity.

It features a high-quality container enclosure pre-installed with a battery rack, allowing clients to integrate their own battery packs, cooling systems, fire suppression systems, and other ...

Infratec's BESS projects to date include commercial and industrial (C& I) battery projects in New Zealand,
