How much does a greenhouse cost?

A small DIY greenhouse using plastic sheeting might cost as little as \$1,000, while a fully equipped glass greenhouse with heating and ventilation can exceed \$30,000, especially if you go down the route of hiring a contractor. Greenhouse costs also vary based on how you build it: from-scratch DIY, pre-made kits, or turn-key custom builds.

How much does a polycarbonate greenhouse cost?

Keep in mind that a \$5,000 polycarbonate greenhouse with a 15-year lifespan comes out to about \$333 per year in depreciation, while a \$10,000 glass structure over 30 years also equals \$333 per year. Same annual cost, different upfront investment.

How much does a dome greenhouse cost?

A dome greenhouse is round with a domed peak. Its round shape helps absorb heat and light. It is made using a metal or PVC frame covered with glass or plastic sheeting. One square foot costs between \$10 and \$25 to build. A spacious domed greenhouse provides enough space for plants to grow and people to walk through.

How much does a greenhouse permit cost?

Permits are usually required for greenhouses over 120 sq ft, those built on permanent foundations, or structures with electrical or heating systems. Costs typically range from \$50 to \$500, depending on size, required inspections, and local laws. Timelines: Getting a permit can add 1 to 4 weeks to your project.

Learn how solar-integrated glass greenhouses cut winter energy costs by 30-50%, and when climate, structure, and installation factors make traditional smarter.
