What are the best outdoor solar lights?

Our favorite outdoor solar lights are the budget-friendly Urpower Beams. They come with a motion sensor and cast light up to 8 feet away--perfect for lighting your way home and deterring intruders.

Which solar lights are best for illuminating pathways?

The Alepod Solar Pathway Lights are our all-time-favorite for illuminating pathways, and the Better Homes & Gardens Nico Solar Powered LED Deck Post Cap Light is great for gathering areas, like decks and patios. We tested solar lights at home to see how they held up to regular use.

How many solar lights are there?

Over the past two years, we've tested 78 different outdoor lights (you read that right), including solar pathway, smart, spotlights, lanterns, wall-mounted, and string lights. We became solar light experts, if we do say so ourselves.

What are the best outdoor lights for outdoor spaces?

Our top pick for most outdoor spaces is the AloftSun Motion Sensor Solar Landscape Spotlights. We love these lights so much, we've tested them twice. Both times we found them to be durable, easy to use, and bright. We also love that these spotlights can detect motion from as much as 33 feet away, depending on the setting.

We tested solar lights at home to see how they held up to regular use. The process began with unboxing and setup, and then we took a look at their overall design, any ...

To help find the best outdoor solar lights for your yard, we tested more than 50 options, including mounted lights, pathway lights, and string lights. The six that made our list ...
