Are shipping containers still made in South Africa?

There used to be two factories in South Africa that made new containers, but unfortunately didn't survive. This has been a world-wide phenomenon with most shipping containers now manufactured in China. Secondhand containers are a hot commodity when they reach the end of their shipping life.

What is a collapsible container?

Collapsible containers are a type of storage unit that can be folded down when not in use. This feature allows for space-saving and efficient transportation. They are often made of durable materials like plastic or metal and come in various sizes. Why should I use collapsible containers? Collapsible containers are versatile and offer many benefits.
