How much does a wind and water tight container cost?

Wind and water tight (WWT) containers are your most affordable option if you need storage solutions. These containers are usually more than 10 years old and therefore priced between \$1,800 and \$4,300. Here's a complete comparison of container grades: WWT containers might show visible rust and dents, but they work perfectly for storage purposes.

How much does a one-trip container cost?

One-trip containers are the best you can find in the container market. These units complete just one experience from their manufacturing location in China to their destination. The cost of one-trip containers typically runs between \$2,800 and \$7,000. This investment brings excellent benefits. In fact, these containers give you several advantages:
