The LithiumWerks AER32140m2A1 is a high-performance lithium iron phosphate (LiFePO₄) cylindrical cell designed for demanding industrial and mobility applications. With a 3.2V ...

Cylindrical LFP Cells Pknergy sells Class A cylindrical lithium iron phosphate cells in various sizes. These batteries last longer and have a higher depth of discharge.

LiFePO₄ prismatic cells are an excellent choice for high-power applications requiring safety, durability, and long life, making them a superior alternative to traditional lead-acid and ...

Premium cylindrical LiFePO₄ cells with 3,000+ cycle life, fast charging, and superior safety. Available in 18650, 26650, 32650 formats for industrial applications, energy storage, and ...

Check each product page for other buying options. This product has sustainability features recognized by trusted certifications. Carbon emissions from the lifecycle of this product were ...

We provide high-quality prismatic and cylindrical LiFePO₄ cells ranging from 40Ah to 1000Ah. Our LFP cells include extensive warranties, and we offer competitive prices for both LiFePO₄ cells ...

The tubular cylindrical shape can withstand high internal pressures without collapsing. Melasta produces multiple sizes and capacities according to the customer requirement.

Cylindrical batteries are the most common type of batteries used today. Compared with prismatic batteries, the production speed of cylindrical batteries is much faster, so each battery can ...

Get exceptional power and longevity with Battle Born LiFePO₄ deep cycle batteries. Discover unbeatable
