Estonian state-owned energy company Eesti Energia has inaugurated the nation's largest battery energy storage facility at the Auvere industrial complex in Ida-Viru County.

That's the promise of energy storage containers - the unsung heroes of modern renewable systems. In Tartu, Estonia, a hub for green innovation, these modular powerhouses are ...

This project, in partnership with energy company Sunly, involves a massive expansion of the existing solar farm with a state-of-the-art Battery Energy Storage System ...

Baltic Storage Platform, a joint venture (JV), has broken ground on two new 200MW/400MWh battery energy storage systems (BESS) in Estonia.

Sunly, in collaboration with Metsagrupp, is developing a 16 MW / 32 MWh battery energy storage system (BESS) next to the 45 MW ...

The EUR100M project, led by Baltic Storage Platform, will deliver some of Europe's largest battery storage complexes with a combined capacity of 200 MW and a total storage capacity of 400 ...

Estonian energy company Eesti Energia opened the Baltic's largest battery storage at the Auvere industrial complex. This state-of-the-art storage ...

Recently, Estonia welcomed its largest solar park, capable of powering 35,000 households, now another such step is the development of two battery energy storage systems in Harju County, ...
