Basseterre Valley solar farm (Parque Solar Basseterre Valley) is a solar photovoltaic (PV) farm under construction in Basseterre, Saint Kitts and Nevis.

The solar energy plant and the megawatt-hour battery storage facility will be built on 100 acres of crown land located in the Royal Basseterre Valley National Park utilizing a lease agreement.

Royal Solar Energy offer an easy path to solar energy savings--putting power and control back in your hands. We partner with the best manufacturers to bring you the highest ...

Basseterre, the vibrant capital of St. Kitts and Nevis, is rapidly embracing solar photovoltaic panel electricity generation to combat rising energy costs and environmental challenges.

The station uses bifacial solar modules that capture sunlight on both sides--like a sandwich absorbing energy from above and reflected rays below. Paired with AI-driven predictive ...

Basseterre Valley Solar PV Park is a ground-mounted solar project which is planned over 100 acres. The project is expected to generate 61,300MWh electricity to offset 41,500t of carbon ...

This solar generation and storage project will provide about 30 to 35 percent of St. Kitts baseload energy needs for the next 20-25 years while reducing carbon dioxide emissions ...

BASSETERRE, SAINT KITTS, November 29, 2023 (Press Secretary): The Government of Saint Kitts and Nevis and the St. Kitts Electricity Company Ltd (SKELEC) have executed an ...

The project involves the development of a 35.6 MW solar energy plant and 44.2 MWh battery storage facility built on government-provided land in the Basseterre Valley, adjacent to the City
