There are four meanings listed in OED's entry for the noun feasibility, one of which is labelled obsolete. See "Meaning & use" for definitions, usage, and quotation evidence.

Feasible comes from faire, the French verb meaning "to do." Doable and feasible therefore originally meant literally the same thing: "capable of being done."

the quality or state of being able to be done or put into effect; possibility 2. the likelihood or probability....  
Click for more definitions.

Feasibility describes how easy or difficult it is to do something. When you set a goal at work, think about the long-term feasibility of accomplishing what you want.

A feasibility study is an assessment of the practicality of a proposed plan or project. It analyzes the viability of a project to determine whether the project or venture is likely to ...
