Who makes LV switchgears?

Binghalib Engineering is leading manufacturer of LV Switchgears in the region from DBs to the most complex intelligent MCCs. With infrastructure aging, switchgears may become inefficient and compatibility issues arise with modern equipment's. Replacement of full switchgears may turn expensive and, in such cases, we offer Retrofit services.

What is LV switchgear panel?

The LV Switchgear panel does not take up much of your room space and is also quite durable. Apart from serving as a virtual device in protecting your appliances from short circuits, LV Switchgear Panel also helps in the isolation of parts of installation as well as remote local switching.

Who manufactures switchgear at LV Switchgear?

LV Switchgear's Switchgear Manufacturing division is a leading and established manufacturer and supplier for a wide range of LV Distribution Panels, catering to commercial, residential, industrial and infrastructure sectors where the need for safe and reliable power supply solutions are paramount.
