The company sees great potential in Croatia's renewable energy sector and is currently developing several solar and wind energy ...

We specialize in solar energy systems, solar power stations, home power generation, wall-mounted integrated units, photovoltaic projects, photovoltaic products, solar industry solutions, ...

Zagreb's energy storage sector is rapidly becoming a focal point for investors, driven by Croatia's push toward renewable energy integration. With solar and wind projects expanding, battery ...

These large batteries store excess power from solar and wind sources. They then release energy during peak demand, reducing reliance on traditional power plants.

Summary: Zagreb's power grid is undergoing a transformation with cutting-edge energy storage technologies. This article explores current projects, data-driven insights, and how innovations ...

IE-Energy is a start-up energy company that specializes in creating a Virtual Power Plant business model, focusing on renewable energy supply and innovative solutions for energy ...

Summary: Zagreb's growing energy demands and renewable energy adoption are driving urgent needs for advanced energy storage solutions. This analysis explores current challenges, ...

Oriented toward mutually complementary, diverse energy sources - wind, solar, water and natural gas - the Vis Viva Project enhances the flexibility, ...

The company sees great potential in Croatia's renewable energy sector and is currently developing several solar and wind energy projects, as well as energy storage solutions.

The proposed project will combine wind, solar, battery energy storage and green hydrogen to help local industry decarbonise. It includes an option to expand the connection to 1,200MW.

Oriented toward mutually complementary, diverse energy sources - wind, solar, water and natural gas - the Vis Viva Project enhances the flexibility, stability and reliability of the electricity ...

VSB has actively developed wind farm projects in the Croatian market through our two regional offices in Zagreb and Split, dedicated to serving the local community. At VSB ...
